## About us

Alticor is the corporate parent of Amway, Access Business Group and Quixtar. To learn more about our business, please visit [www.alticor.com](http://www.alticor.com).

Alticor is built on a simple, yet profound vision: helping people live better lives. In everything we do, we strive to make a meaningful difference.

## Our giving priorities

Consistent with our corporate vision and our values, we provide financial and other support to organizations that help people live better lives.

In particular, we favor groups and programs that:

- have a direct, real and lasting impact on the quality of children’s lives—especially those who are disadvantaged or disabled
- help children overcome barriers or obstacles to success and fulfillment in their lives

## Our giving focus

Alticor is committed to improving the well-being of children. We welcome requests for support, especially in these areas:

- health and human services
- education
- arts and culture

We may consider requests outside these areas—however, all requests should directly support our vision of helping people live better lives.

Most of our giving today is concentrated in these locations, where we have offices or other facilities:

Grand Rapids, MI	Honolulu, HI
Buena Park, CA	Arlington, TX
Norcross, GA	Kent, WA
